BENEFITS FOR YOUR CLIENT...

- Ensures your client will receive the best possible course of treatment
- Reassures your client that the case is being expertly handled from day one
- Delivers an holistic approach to looking after your client

THE PREMEX INTEGRATED REHABILITATION SOLUTION

WHY CONSIDER PREMEX?

Will your rehabilitation service benefit me?

YES! You will be able to demonstrate compliance with CPR and the Rehabilitation Code whilst providing a flexible, added value service that will help set your legal practice and client care credentials apart from your competitors. All of this achieved with a service that seamlessly integrates with the reduced timescales encouraged by the MOJ Reforms.

Will Premex handle all the work?

YES! Using Premex is simple - a single instruction is all that is needed to arrange assessment, rehabilitation and medical reporting needs

Can I recover your screening and rehabilitation costs?

YES! We ensure throughout the process that all costs are reasonable and proportionate to your client's needs, from appropriate assessment through to formal management of their injuries.

Will your rehabilitation service improve the service I provide and my client receives?

YES! Client care - the service will ensure that you supply your client with the treatment they need following their accident. In addition the early contact with your client and the holistic, caring approach this delivers will be invaluable in helping retain your client in the early stages of the claim when the risk of losing your client is at its highest.

AT PREMEX WE HAVE THE SOLUTIONS TO MEET YOUR NEEDS.
